Witnesses in the trial of William Britton, charged with complicity in the murder of James Cockrell, testified at Lexington that they had talked to Jim and Alex Hargis before giving their evidence in the case. Efforts were made by the defence to establish an alibi for Britton and break down the testimony of John Smith, who made a confession, implicated several men, among them Britton. The testimony given by several of the witnesses at former trials was produced by the Commonwealth to contradict their statements made at this trial.

Rest is the great restorer. We tire our muscles by exercise and then rest to restore them; yet a great many of us do not stop to think how little rest we give to our stomachs. As a usual thing no part of our bodies is so generally overworked as our digestive organs. A tired and overworked stomach will give signs of distress to which we pay no heed until at last Dyspepsia takes hold. Indigestion is just a warning, and if we heed the warning we can easily avoid further consequences. KODOL is a most thorough stomach relief. It digests what you eat and gives the stomach needed rest and greatly assists in restoring it to its normal activity and usefulness. KODOL is sold on a guarantee relief plan. It is sold here by Chas. C. Davis.

POLITICS AND POLITICIANS

After a session lasting five months the Oklahoma Constitution Convention has completed its labors and adopted a Constitution. An alfalfa pen was used by the president of the body to sign the sheepskin copy of the document.

The Court of Appeals yesterday sustained the act of the Legislature passed at the special session last spring fixing a tax of one and one-quarter cents a gallon on all rectified whiskey made within Kentucky. The decision means that the rectifiers will have to pay to the State between \$300,000 and \$400,000, unless the Supreme Court of the United States, to which an appeal probably will be taken, should reverse the decision of the Kentucky courts.

Reports from out in the State, according to the friends of Judge William H. Holt indicate that the sentiment for him for the Republican nomination for Governor is rapidly spreading. Judge Holt says that he is not a candidate for the nomination in the sense of making a fight for it, but that he would accept it if it were tendered him. A. E. Wilson, who is also a candidate for the nomination, spent Monday with Richard P. Ernst, chairman of the Republican State Central Committee, at his home in Covington.

BROWN MEMORIAL SCHOOL.

The school continues to have a remarkably large attendance for this season of the year. Despite plowing, mumps, measles, etc. the number this week has been one hundred twenty-one. Every department has gained—primary, intermediate, and grammar grades have doubled their attendance since last spring. The High School too has gained. Best of all, however, is the steady improvement in the character of the work. The future of the school has never been so hopeful.

Miss Rosa McFeiron is assisting Miss Alexander in the primary. Miss McIntyre expects to be with us again next year. She likes Kentucky better than Florida, but her mother's health would not permit her return this year.

A stone and iron fence is to be built around the dormitory grounds, the school is to be painted and other improvements made as soon as the term closes.

A CARD.

To Mr. O. V. JARRETT:
Seeing your announcement as a candidate to fill out the unexpired term of jailer to which your lamented brother was elected in 1905. I wish to say that in the opinion of a large majority of the voters of our county you deserve the nomination and election and you should have no opposition from any member of our party. Your course in paying off the debts of your brother, for which you were not legally bound, your sense of justice, your human treatment of prisoners, your fight for improvements in the sanitary conditions of the jail building and your stand for that which is for the general welfare convinces the people that they will make no mistake in continuing your services in your present position for two years more. I, with hundreds of other Republicans, heartily endorse you and will use all honorable means to secure your nomination and election.
Yours very truly,
S. B. RAMSEY.

The jury in the trial of Bill Britton, charged with complicity in the murder of Jim Cockrill, took the case Wednesday afternoon at Lexington, and at 10 o'clock that night, being unable to agree, was locked up, to resume consideration of the case yesterday. Chas. C. Davis, Druggist, has received his fine soda fountain and will have it in commission as soon as weather conditions will justify. Charley has added several improvements to his store room in way of linoleum floor coverings, latest up-to-date chairs, stools, tables, etc., for accommodation of his soda water and other customers. His place is now an up-to-date institution and will be a great resort in the days of the "good old summer time."

While it always worries a business man to be told "Line's busy" when calling for a number yet nothing provokes one like being told the same thing every few minutes for a period of half an hour. The climax comes, however, and the hurried business man goes into a conipition fit when he finds the line wanted has been held by a young couple consuming the time in courtship. It is then he uses words which can not be found in the Sunday School papers. When he finds that Jack Hughard has been talking to Maude Likert during the time, the business man has murder in his heart. Courtship is the finest thing in the world but for pity's sake cut it out on the wires.—Lancaster Record.

FOR SALE.—One saw mill, flour and corn mill in good repair. Will sell saw mill separate from other mills. Anyone wishing a good mill should write me at once at Quail, Ky., as I am going to sell this mill to close an estate.

Respectfully,
GEO. S. PROCTOR.

Buck Cummins is working four men in his mines, at Sand Spring and will continue to do so through the summer thereby giving our people a chance to fill their coal houses with the best coal in the mountains and at a rate lower than the same class of coal can be shipped here. Buy your coal during summer and fall, keeping the money here at home.

There are now eight mills in this county cutting handle of hickory, oak and etc. for the Turner, Day & Woolworth Co., the largest concern in that line on earth. L. T. Welch is running one of these mills at Dock Norton's where old Culppeper post office was at one time. Wm. Johnson has charge of the mills at Mullins Station and Mt. Vernon. E. C. Wheeler who was here for sometime is in charge of works at Kuttawa. Mr. Graham is running a mill near Bardstown. The company has big factories in Louisville, Knoxville, Cairo Ills. and Huntington W. Va. They run 200 sawmills in 13 different states, and it is claimed that 90 percent of all kinds of handles are furnished by the above named company. The top of the firm's letter head carries this statement "We handle the world" And they come pretty near doing it.

Henry Pennington, who got into trouble at Danville last summer, charged with running away with another man's wife and writing back to the husband from Ohio, acknowledging the whole business and confessing that he had also robbed him of a watch and some money. It has developed that the letter was a rank forgery and the forger has been discovered. Pennington has been in jail at Danville for nine months. When his trial was called Monday no witnesses appeared against him. The jury reduced the bail bond one-half and Pennington was released. Mr. Pennington was here Tuesday visiting friends in town and county. His attorney, C. C. Williams, who has worked faithfully in what seemed a hopeless case, is now confident of an acquittal when trial is reached. They will prove a conspiracy forgery, etc.

MEN WANTED.

Advances in price of labor at Sparks Quarry and Mullins Ky.,

Beginning on May the first I will make a general advance of one cent per hour on all classes of labor employed except teams and stock in the Quarry. This will give the best class of men 16 cts. per hour and so on, every body getting the general advance. Men working 11 hours will get \$1.76 per day if they belong to the first class.

I will also pay laborers their money every two weeks at a discount of 1/2 ct. an hour on their labor. This will enable the labor to get their money at short intervals if they need it and cannot afford to wait for our regular pay days.

Your attention is called to these liberal prices and if you are in need of steady work, come to us at once.

Board can be had at reasonable prices close to the work. Apply at either Mullins or Sparks Quarry. If you are not needed at one place we can send you to the other. This work will last all season.

Yours truly,

J. W. SPARKS.

Mt. Vernon, April 24th. 1907.

One of our enterprising minded men is talking seriously of putting up a factory here for manufacturing plain chairs. Chairs of this description are bringing a big price in the market and a factory here would be a paying institution from the start as well as provide employment for many of our people.

The time is ripe for starting small factories in Mt. Vernon. There are a half dozen men in Mt. Vernon who are willing to invest in such enterprises providing the right parties come to the front and take charge in a business way. There are many openings here which if taken advantage of would prove of vast benefit to the community as well as the promoters.

A new exchange and county telephone directory will be issued by our local company next month. Better get your name into it.

Sheriff R. L. McFerron and deputies, G. S. Griffin, T. J. Niceley and John Robins took the following prisoners to Frankfort Tuesday: Jim Floyd, horsetealing; Jim Dyer, breaking a man's arm; John Johnson, colored, housebreaking; Joe Norton, murder, 2 years, and Bob Lee, assault with intent to kill, 18 months; Dillard Parker, a boy, for housebreaking, was taken along to the House of Reform, at Green Dale. These officers took in the Mt. Sterling Convention after delivering their men at Frankfort.

The hog market has fooled all the experts once more. When prices decline about a dollar per cwt. there was no expectation that they would recover and predictions of \$6 market hogs were general. The reaction is not accounted for solely by the lack of hogs. Evidently the demand, which has been stimulated by the recent cool spell is broader than expected or usual at this season. In view of recent history nobody can tell what will happen next; but it is probable that there will be more difficulty in disposing of hog meat at the advance and this may soon be followed by another decline.

The Society of Equity has begun the pooling of the wheat crop of the great wheat raising States of the West. One dollar per bushel is the price fixed as equitable and fair and no one can deny that this is a reasonable price. With dollar wheat, six cent hogs, six cent lambs, six cent cattle and fifteen cent tobacco, the farmer will be coming into something like his own.—Danville Advocate.

Does Your Heart Beat
Yes. 100,000 times each day. Does it send out good blood or bad blood? You know, for good blood is good health; bad blood, bad health. And you know precisely what to take for bad blood—Ayer's Sarsaparilla. Doctors have endorsed it for 60 years.
One frequent cause of bad blood is a sluggish liver. This produces constipation. Pimples, skin eruptions, and other troubles are then absorbed into the blood. Keep the bowels open with Ayer's Pills.

Difficult Breathing
Short breath, fluttering, palpitation, sinking spells are symptoms of a weak heart, struggling to do its work. It must keep the blood in circulation to carry nourishment to make flesh, bone and muscle, and remove the worn-out particles. When it cannot do this, it must have help. Dr. Miles' Heart Cure gives strength to the heart nerves and muscles, and increases the heart action.
"I am glad to say that I am so much improved in health. Dr. Miles' Heart Cure cured me when several doctors failed. I think no other medicine could do for me what Heart Cure has done. My case was bad; but as it could be at times, I thought it impossible to live without relief; the pain was very severe in my left side, and my nerves were all unstrung. I had almost given up all hope of being cured, and I am sure I would not, if I had not taken the Heart Cure. I take great pleasure in recommending Dr. Miles' remedies to all who suffer with heart disease."
MISS MARY C. HALLER, Sullivan, Mo.

MATRIMONIAL
The following special from St. Louis, dated April 19 1907 says:—Announcement was made to-day that on August 26 next John B. Bundren, who on April 1 was 101 years old, will be united in marriage to Miss Rosa McGuire, who is almost 100 years of age. The wedding will take place on Mr. Bundren's estate near Tatesville, Tenn. He has been visiting relatives in St. Louis for several weeks and has just returned to Tennessee. Bundren and Miss McGuire were sweethearts in Tenn. in her youth. Her parents, of English descent, would not consent to their marriage, and finally returned to England, taking their daughter with them. Bundren went to California and acquired considerable wealth. He returned to Tennessee and bought his birthplace near Tatesville. He decided to hold a reunion of old friends on his estate this year and sent out numerous invitations. Not long ago he received a letter from Miss McGuire. Correspondence followed and he renewed his offer of marriage and was accepted. The date for the wedding and the reunion of friends has been set for August 26 on the bride's birthday anniversary when she will be 103 years old.
Bundren has long, white hair and a flowing white beard. In June he will go to Preston, Lancashire, England, to escort his intended bride to his Tennessee estate. John B. Bundren, of St. Louis, a namesake, will be best man.
